Harry Davis—The Perfect Choice

The Club Captain plays an important role in a club. They are the person you turn to when there is something you don't know or understand, someone you can trust. Everyone who knows Harry Davis understands why he is the perfect fit for such a role—he is a true gentleman, a social butterfly and nothing is ever too much trouble for Harry.

Here is a little bit about Harry:

How long have you lived in Pt Chevalier? 50 years

How long have you been a member of Pt Chev? 6 years at Pt Chev, and before that, 10 years at Pt Chev RSA.

This is your 2nd year as Club Captain, what does the role involve? It's about being there for the members—meeting and greeting, helping them out, helping mediate any problems that occur. I get to know many of our social members through my involvement with Social Bowls, Battle of the Streets and coaching.

What is your advice for social bowlers, who may be new to the club, or those with limited experience, who want to get more involved with the sport? Just do it. Sign up. Go out and have fun and enjoy the company of your team mates.

Who is your bowls idol? Rowan Brassey

What is your proudest accomplishment in bowls?

Winning the Auckland Champion of Champion Singles.

What is your favourite thing to do at the club? Meeting up with friends and bowling team mates and enjoying a beer with them.

Outside of the Club, how do you spend your time? Playing golf and spending time with family.

What is something interesting that not many members will know?

In my younger days I was picked to represent Illawarra in Soccer and we went on to win the New South Wales State Championship.

Your Favourite Meal?

Roast Chicken
